## WORK EXPERIENCE

**Frontend Developer | iNTERRA Networks | Hybrid**

*May 2024 – Present* — Abuja, Nigeria

- **Frontend Development:**
  - Contributed to scalable and efficient front-end solutions using **Vue.js**, **Nuxt.js**, and **TailwindCSS**.
  - Built a **transport management system(SHUTTLE)** for office use, enhancing vehicle utilisation by 40% and reducing scheduling conflicts by 50%.
  - Developed a **drug adherence application(MEDADHER)** dashboard with tailored functionality for organisations and facilities. <https://medadher.com/>
  - Collaborated with a team to develop an **e-commerce site for farmers** using **Handlebars.js**, **HTML**, and **CSS**. <https://nigsims.ng/>

- Designed dynamic templates to showcase products, enabling efficient interaction between farmers and buyers.
  - Enhanced usability with a clean, intuitive layout, improving customer satisfaction and increasing transactions.
- 

### **Tech Manager & Software Developer | Enfedam Academy | Hybrid**

*January 2019 – Present — Abuja, Nigeria*

#### **Web Applications:**

- Designed and developed a **WordPress-powered school website** using **Elementor** and other tools, featuring a management system for administrators, teachers, parents, and students.
  - Implemented dashboards for result viewing, class schedules, and event updates.
  - Created a dynamic landing page using **React.js** to enhance online visibility and engagement.
  - **Technical Support & Maintenance:**
    - Provided troubleshooting and maintenance for the academy's systems to ensure smooth operation.
- 

### **Freelance Web Developer | Remote**

*January 2022 – Present*

- **E-commerce Website Development:**
    - Designed and developed an **e-commerce website** for a clothing brand using **WordPress**, featuring product listings, a shopping cart, and secure payment integration.
    - Delivered a responsive and user-friendly design that enhanced customer experience and boosted online sales.
- 

### **Frontend Developer Intern | New Horizon System LTD | On-Site**

*January 2022 – July 2022 — Abuja, Nigeria*

- Developed responsive and interactive web applications using **HTML**, **CSS**, and **JavaScript**.
- Gained hands-on experience with **Django** and **React** for building scalable and dynamic frontend solutions.

---

## Technical Assistant | New Horizon System LTD | On-Site

January 2021 – July 2021 — Abuja, Nigeria

- Provided technical support for hardware and software issues, ensuring smooth system operations.
  - Assisted with software installations and updates, contributing to improved technical efficiency.
- 

## PROJECTS

### IoT-Based Vehicle Accident Detection System:

- Developed a safety system with features such as **real-time accident detection**, **alcohol monitoring**, and **emergency notifications**.
- Designed a user-friendly dashboard for monitoring and control, demonstrating proficiency in IoT integration.

### WordPress School Website (Enfedam Academy):

- Built a **WordPress-powered school website** using **Elementor** and custom plugins, providing an intuitive interface for students, parents, teachers, and administrators.
- Integrated features like **result viewing**, **class management**, and **real-time updates**, boosting operational efficiency.

### E-commerce Website for a Clothing Brand:

- Created a **WordPress-based online store** for a clothing brand, featuring product listings, a shopping cart, and secure checkout options.
-
